

Art & Technical Faculty

Level 6 Photography course

What will I be learning?

In S4, you will attend Photography four periods per week and will study the following topic areas:

- **Image making and contextual imagery** (level 6).
- **Analyse factors** that influence photographers and their work.
- **Express personalised justified opinions** on photographer's work.
- **Produce photographic images** with a DSLR camera, using a range of camera techniques and photographic processes.
- Use **compositional techniques & visual elements** for creative impact.
- **Managing** photographic images effectively.
- Produce **personal and creative** photographic imagery.
- **Evaluate** own use of imaging techniques.

How will I be assessed?

You will create a **TEAMS** or **Google** profile containing all work needed to pass each SQA level 6 outcome. All photography work will be assessed by your teacher at the end of each outcome - your teacher will help you prepare for this. You will also complete a written exam mid-way through the year which will be internally assessed. The grade will inform teachers as to whether you are on track to pass or not.

All tasks will help you demonstrate your understanding of the topic to your teacher. Your teacher will share with you how to achieve each level, so you know how to improve your result on the next task.

You will be given feedback from your teacher to help you improve your work. Finally, your work will be graded as a pass or fail.

Don't worry if you need additional support to complete your unit assessments - your teacher will organise this for you!

What does homework look like?

You will receive around one piece of homework per outcome. The homework for photography will be either written or practical. Your teacher will ensure that you have the necessary equipment needed for any practical homework tasks prior to issuing the work.

Homework will either be submitted via the relevant online platform or via class submission. This will be indicated on Satchel One.

See your teacher in class if you need help accessing Satchel One, or if you would prefer to complete any written homework on paper instead.
