## SQA Attainment Evening

Dear parent/carer,

We would like to invite you to attend our Pathway event for pupils who are in Broad General Education (BGE) on **Thursday 24<sup>th</sup> October at 6pm**. This evening is aimed at introducing our new pathways and discussing how you can be supporting your child to achieve in Gleniffer.

- The links between attendance and attainment.
- The use of CAT testing in BGE.
- The new attainment pathways which have been introduced in BGE.

We have arranged stalls for all departments where staff will be able to show you the subject-specific revision resources your child should be using at home, and they will be able to answer any revision queries.

The aim of the evening is to provide you with all the information you need to support your child to reach their potential no matter their pathway. This event will be followed by a Senior Phase information evening which starts promptly at 7.30pm. Please be mindful of parking and equally, if you have a child in both the junior and senior phase of the school, please be welcome to attend both events.

If you would like to attend, please book a space using the following QR code or link:

Yours faithfully,

Mrs Debbie Martin  
Depute Head Teacher
